

Old Glory is now on the Seven Seas

Ship and Sail under the Stars and Stripes to all parts of the world

YOU can now travel, or ship your goods, to any part of the world on American owned and American operated ships, flying the American Flag. American ships are modern, scientifically designed and constructed, new ships built for satisfactory service.

American ships will carry you in comfort to South America, England, Europe, the Mediterranean and the Far East. And the further from home you go, the more of a thrill you'll have to see the Stars and Stripes floating above your head.

President Harding says:

"We know full well we cannot sell where we do not buy and we cannot sell successfully where we do not carry."

ANOTHER GUESS

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Indigestion

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which gripped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."
